2023 Price List for Burial Sites

Cremation Two+/-	\$3,000.00
5' x 10' Single Burial	\$6,500.00
10' x 10' Two Burials	\$10,500.00
10' x 20' Five Burials	\$15,500.00
20' x 20' Ten Burials	\$22,500.00

These prices are effective as of March 23, 2023, and they include standard concrete curbing. If special block or granite curbing is requested, that request will be handled on a case by case basis. Purchase prices do not include the opening or closing of gravesites for burials. Mortuary companies will handle the opening or closing of gravesites, or you can use a private contractor. Any private contractor must supply the Genoa Cemetery Association (GCA) Secretary with proof of \$1,000,000.00 liability insurance in advance of any work on the property of the cemetery and comply with all of the GCA rules and regulations.

All fees must be paid, at the time of the purchase, in full. Each plot owner will be billed an annual assessment fee of **\$35.00** for full burials and **\$20.00** for cremations beginning in 2021. Annual assessments can go up at any time. Each burial is required to be coordinated with the President or Secretary/Treasurer of the Board in advance. **Each burial requires a death certificate and burial permit** to be sent to the above address or given to a Board Member at the time of the burial. The concrete curbing is only guaranteed for one year due to the extreme weather conditions here.

Temporary markers should be provided by the mortuary at the time of internment. Headstones or permanent markers are required within one year from the date of purchase. Wooden headstones are prohibited. Glass flower containers or Mylar decorations are also prohibited.
